Steve,

I made a few suggested changes to Doug's recommendation. Please forward this message to the CSTAG members since I do not have a CSTAG Email group setup yet.

thanks,

Earl

Please review Doug's new recommendation.

I plan to send Fred a new version of the recommendations today, (thanks for

doing this Fred!!) with Earl's and Larry's comments on the EMBM embedded,
and then next week, those that want to, will have another shot to review it.
I think we are about done.
